**Re: *Emerson Creek Pottery, Inc. v. Countryview Pottery Co., et al.***  
**Case No. 6:20-cv-0054-NKM**

Dear Larry and Ken:

Following up on my letters dated October 6 and 8, 2021, we have not received any response to the issues raised regarding Defendants' failure to produce clearly responsive documents. Prior to addressing these issues with the Court, we wanted to reach out one last time to request the courtesy of a response and to see if you would be amenable to discussing these issues in a meet and confer to take place after Mr. Wehrli's deposition is completed on Wednesday or, alternatively, Thursday morning. Absent resolution of these issues, we will circulate a draft email to Judge Ballou identifying the discovery dispute and requesting a call with the Court ASAP.

Of course, if you are able to respond in advance of Wednesday, that would be appreciated and expedite any discussions.

Sincerely,

Henry I. Willett III
